Economy used trucks with Volvo Basic 6 Month Driveline Warranty

# VOLVO ECONOMY

Whilst being a little older, or having had a little more use, a Volvo Economy used truck has been identified from our stock as being of good value. When you choose to buy a Volvo Economy used truck it is presented in a clean condition and will come with a safety inspection and any safety defects rectified before delivery.

This means that if you are looking to purchase at this level then you have made a safe choice, and will have avoided the risks of buying 'sold as seen'. Many of these trucks have come from our own contract portfolio.

#### Features

- 6 months Manufacturer's Basic Driveline Warranty
- Option available to extend warranty to 12 months
- Safety inspection
- Safety defects rectified
- Current MOT
- Legal tyres
- Professional valet

#### A SENSIBLE CHOICE

- Trucks with limited age and mileage
- A safe purchase thanks to the inspection and safety defects rectified
- A superior service with complete documentation and our comprehensive dealer network
- 6 Month unlimited mileage Basic Driveline Warranty
