# SERVICE CONTRACTS

Peace of mind for you and your fleet

Ready to take your truck performance, uptime, and business efficiency to the next level? A Volvo Service Contract is designed to make that happen.

## Why is a Service Contract so important?

A Vehicle Service Contract is an essential investment for any business that relies on its vehicles for daily operations. It provides peace of mind, cost predictability, and long-term protection by covering maintenance and repair needs under a structured Volvo plan.

Contact a member of our knowledgeable Contracts Team today to discuss your requirements.

### Blue Contract

Preventive maintenance based on the actual usage of your truck

### Silver Contract

Powertrain repairs and maintenance for better cost control

### Gold Contract

Maximum uptime - all repairs and preventive maintenance
